Application : Softwareentwickler

Dear Sir/Madam,

My Name is Vishal and I am student at Technical University of Darmstadt. Currently, I am writing my Master theses and in the final phase of my degree. I would like to express my interest in the job posting for software developer at your website .

I have 4+ years of e in software development and while working in this field I have gained valuable experience in following areas:

- Programming Languages: C,C++,Java, Python,R
- OS Platforms: Linux,Android,Microsoft Windows
- Automation Framework: Sikuli, Robotium, Appium
- Technology: Natural Language Processing, Corpus Statistics, Data analysis and Visualization.
- IDEs: Visual Studio, Eclipse, RStudio
- Version Control Systems: Synergy,Git

I have gone through the profile for the job posting and I feel that my skill are a close match for the requirement. I have enclosed my detailed resume that provides a detailed track record of my skills and achievements. I would greatly appreciate an opportunity to meet you in person to discuss internship opportunities. Please feel free to call me at +491624228345 or email me at vishal266@yahoo.co.in.

Thank you very much for your time and consideration. Look forward to hearing from you soon.

Yours sincerely,

Vishal Vishal
