Application : **SOFTWARE ENGINEER**

Dear Sir/Madam,

As a highly motivated computer professional with the enthusiasm to accept new challenges, the opportunity to work as a software engineer at your company interests me considerably. With a proven record of achievement in positions of similar scope and responsibility, I am confident that I can make an immediate contribution to the success of your company.

Between 2010 to 2013, I worked as a software engineer for Samsung and Sasken telecommunications. And after that during my Masters I have worked for Technical university, Darmstadt and Fraunhofer SIT , Germany as junior research assistant .I have also gained technical expertise while working for Deutsch Telekom as a software tester(student)

My skill-set further contains :

- Programming/ Development in C,C++, python, R and Java
- Natural Language Processing.
- Hadoop Map Reduce programming
- Understanding for Distributed Software Systems
- Software Development Life Cycle
- Experience with AGILE methodology.

I have enclosed my detailed resume that provides a detailed track record of my skills and achievements. I would greatly appreciate an opportunity to meet you in person to discuss the opportunity. Please feel free to call me at +491624228345 or email me at vishal266@yahoo.co.in.

I would welcome the opportunity to discuss my background in greater detail, and look forward to hearing from you.

Yours sincerely,
Vishal Vishal
